

**NOTICE  
MUNICIPAL WATER USERS  
ANGUS, THORNTON and BAXTER  
FLUSHING WATERMAINS**

Municipal water users are advised that the flushing of water lines will take place during the following time periods:

Angus – October 19 to 23  
Thornton and Baxter – October 26 to 30

Users should be aware that during this flushing, they may experience low water pressure and discoloration (brown) water for short periods of time. To eliminate the discoloured water, run the taps in your home until the water runs clear. It is recommended that during this time period, you run your water prior to doing laundry to ensure your water is not discoloured.

If you have any questions, please contact the Ontario Clean Water Agency at 1-866-775-7712.
